## Carry. Move. Tow.

Engineered for rugged durability and enhanced safety, Taylor-Dunn's trusted fleet of highly versatile industrial electric vehicles are nimble enough for tight manufacturing facilities and convention centers, quiet and clean enough for resorts, corporate campuses and parks, and powerful enough for airports and railyards.

WAEV

A black and white photograph of a large, corrugated metal building with a sign that reads "TAYLOR SHOP". The building has a gabled roof and a large open doorway. In the foreground, several vintage cars are parked on a dirt or gravel lot. A dark-colored car is the most prominent, with a license plate that reads "17-472". To its left, the front of a light-colored car is visible with a license plate "15-331". To the right, a station wagon is parked. The background shows more industrial buildings and bare trees under a clear sky.

TAYLOR SHOP

More than 70  
years of  
manufacturing  
excellence

It all started with a small electric cart at "The Taylor Shop" in 1949. Today, Taylor-Dunn's trusted fleet of highly versatile industrial electric vehicles power productivity across the globe.

More than 70 years of manufacturing excellence and innovations position Taylor-Dunn as the trusted leader of safe, durable and versatile commercial and industrial vehicles for property management, maintenance, security, material handling, housekeeping, events setup, guest transportation and goods hauling. Don't settle for anything less.

## Safe

---

Safety is our top priority. With low speeds, low step height, high visibility, LiFeP04 lithium-ion battery options, large operator compartments, adjustable seats, and foot rests, Taylor-Dunn vehicles are built to reduce safety-related injuries and improve ergonomics.

## Durable

---

Taylor-Dunn provides tough, dependable vehicles to meet your needs. With heavy-duty steel frame construction and electric operation, our vehicles are manufactured to last.

## Versatile

---

With vehicles strong enough to tow two-to-six times as much as a pickup truck, yet nimble enough for the tightest facilities, our vehicle lineup is uniquely positioned to serve a breadth of industries and applications.

# Property Management

---

Managing the many facets of your business is no minor task. Groundskeeping, maintenance, housekeeping, security, goods hauling, and guest transportation requires a robust yet quiet solution so your customers, guests, and teams remain happy, safe, and comfortable.

# Warehousing & Material Handling

---

Safety, labor efficiency, and productivity are top priorities for factory and warehouse managers. Taylor-Dunn vehicles are engineered with your manufacturing and distribution operations in mind, ensuring you can efficiently move goods, haul your heaviest loads and easily maneuver through narrow aisles as safely as possible without jeopardizing productivity.

# Events Support

---

Pulling off the biggest events of the season is no easy feat. The many variables of events, shows, conferences, expos, concerts and festivals require the highest level of organization. Taylor-Dunn vehicles are designed to provide the support your team needs for heavy-hauling events setup, security, guest transportation, trash hauling and equipment movement. Taylor-Dunn vehicles are robust yet quiet so your team is productive and guests won't notice them.

# Factory-Engineered Custom Solutions

---

If your fleet requires a tailored solution, our product and engineering team will work with you to design a custom vehicle. With possibilities ranging from special paint colors to major frame modifications to increased tow capacity, our custom vehicles are manufactured with the same craftsmanship, quality, and care as our standard models.

# Utility Vehicles

Taylor-Dunn's utility vehicles offer practical solutions with optimal performance while reducing your operating and maintenance costs.

**MX-600**  
The ultimate maintenance cart for indoor and outdoor applications.

**C-432**  
Narrow aisle utility vehicle for the tightest of spaces.

**Bigfoot S**  
Compact footprint with tighter turns for smaller facilities.

**Bigfoot**  
Our flagship burden carrier with big payload and big towing.

**Bigfoot XL**  
Maximum towing for larger operations.

Utility Vehicles	Speed	Range	Passenger Capacity	Payload Capacity	Tow Capacity	Dimensions w/o Cab (LxWxH)	Voltage	Turning Radius
MX-600	9 mph	20 miles	1	600 lbs	2,000 lbs	30 x 27 in	24V	81 in
C-432	9 mph	20 miles	1	1,400 lbs	8,750 lbs	79 x 30 x 40 in	36V	70 in
Bigfoot S	11 mph	40-50 miles	2	2,000 lbs	5,000 lbs	118 x 44 x 51.5 in	36V	115 in
Bigfoot	12 mph	30-60 miles	2-4	3,000 lbs	7,500 lbs	130.5 x 44 x 51.5 in	48V, Li-ion available	137 in
Bigfoot XL	18 mph	40-60 miles	2-4	3,000 lbs	10,000 lbs	130.5 x 57 x 52 in	48V, Li-ion available	145 in

**Improving safety, labor efficiency, and productivity by optimizing the way you move can save you millions in operating expenses.**

## Stockchasers

Taylor-Dunn stockchasers are highly maneuverable, narrow-aisle vehicles that improve warehouse efficiency and productivity.

**SC-90**  
Carry up to 900 pounds and tow up to 2,000 pounds.

**SC-100 24V**  
Carry up to 1,000 pounds and tow up to 5,000 pounds.

**SC-100 36V**  
Carry up to 1,000 pounds and tow up to 5,000 pounds.

Stockchasers	Speed	Range	Passenger Capacity	Load Capacity	Tow Capacity	Bed Size (WXL)	Voltage	Turning Radius
SC-90	9 mph	20 miles	1	900 lbs	2,000 lbs	29 x 58 in	24V	67 in
SC-100 24V	8 mph	20 miles	1	1,000 lbs	5,000 lbs	29.5 x 58 in	24V	67 in
SC-100 36V	8 mph	30-40 miles	1	1,000 lbs	5,000 lbs	29.5 x 58 in	36V	67 in

# Personnel Carriers

Safely transport yourself or a group with a Taylor-Dunn personnel carrier.

**SS-536**  
Transportation for up to 2 executives, security or other personnel.

**SS-546**  
Transportation for up to 2 executives, security or other personnel.

Personnel Carriers	Speed	Range	Passenger Capacity	Load Capacity	Tow Capacity	Bed Size (WXL)	Voltage	Turning Radius
SS-536	9 mph	20 miles	2	600 lbs	2,000 lbs	30 x 19 in	24V	75 in
SS-546	9 mph	20 miles	2	600 lbs	2,000 lbs	30 x 19 in	24V	81 in

# Built for Your Industry

Taylor-Dunn is the leading provider of commercial and industrial vehicles across the United States and throughout the world. Our versatile lineup supports the needs of manufacturing and warehousing, colleges and universities, parks and recreation, governments and municipalities, and hotels and resorts. With eight decades of manufacturing excellence and innovations, it's no wonder Taylor-Dunn vehicles often remain in operation for more than 10 years.

## Distribution & Warehousing

---

Improve safety, increase labor efficiencies, and optimize productivity in your manufacturing and warehouse facilities with Taylor-Dunn vehicles.

## Colleges & Universities

---

Moving students, staff, and materials across campus should be easy. From orientation to graduation, Taylor-Dunn has you covered.

## Government & Municipalities

---

Taylor-Dunn is the perfect vehicle solution for Government entities such as military bases, parks, V.A. hospitals, and other entities looking for a durable vehicle to move people and goods around the property.

## Parks & Recreation

---

From trail maintenance and landscaping to transporting guests, Taylor-Dunn utility vehicles will improve productivity across your park—safely and efficiently.

## Hotels & Resorts

---

With Taylor-Dunn vehicle solutions, transport goods and guests around the property efficiently and sustainably with a variety of transport and utility vehicles that can be customized for your property.
